DETAILED ACTION

1. Applicant's arguments with respect to claims 1-3, 6-11 and 14-16 have been considered but are moot in view of the new ground(s) of rejection.

The examiner notes that based on the amendment made to the independent claims, a 112 1st Paragraph rejection will be applied to the claims (see rejection below).

Claim Rejections - 35 USC § 112

The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

2. Claims 1-3, 6-11 and 14-16 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter, which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention.

Applicant has amended the claims to state, "simultaneously displaying the EPG on the first video display of the web-enable cellular phone and the second video display associated with the television".

The examiner notes that although Paragraph 0033 of the instant application states, "***A user of the EPG displayed on computing device 105 may also, through input device 160, display portions of or the entire EPG on video display 105***", this

portion of the specification fails to specifically state that EPG is displayed simultaneously on the computing device and the video display.

Conclusion

3. THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
